Note on the subject of Maternity Wards for Saklespur. (Subject No. 98 of Dasara Representative Assembly of 1919).

.....

At the instance of the Senior Surgeon in February 1920, the Subject of providing a lying-in-ward at Saklespur was discussed in the District Board of Hassan.

The Municipal Council of Saklespur were also consulted. As at first suggested by the Senior Surgeon, the local bodies agreed to meet their shares of initial and recurring charges. Later on, the question of construction of a building at Saklespur for the Maternity at a cost of nearly Rs. 20,000 came up for consideration. The Subject was under discussion for sometime in -

- 2
- (1) The district Board,
 - (2) The Saklespur Municipal and
 - (3) The (late) Malnad Improvement Committee.

2. It was then referred by the District Board to a Sub-committee consisting of -

- (i) Lieut. -Col. Crawford,
- (ii) Mr. K. Narayanaiengar, Executive Engineer, and
- (iii) The District Medical Officer,

to investigate whether it will not be possible to have the Maternity building at a less cost than Rs. 20,000 and to make proposals.

The Sub Committee who accordingly met at Saklespur sent up the following proposals:-

"Proceedings of the Special Sub Committee appointed by the District Board in pursuance of the resolution at their meeting of the 3rd January 1921.

244

P r e s e n t.

...

1. Lieut-Col. Crawford, D.S.O.,
2. P.R. Subba Rao, Esq., L.R. & S., District Medical Officer.
3. K. Narayanaiengar, Esq., Executive Engineer, (Convenor).
4. P. Shama Rao, Esq., L.M. & S., Assistant Surgeon, (Co-opted Member).

Resolved:-

1. That the proposed Maternity to accommodate six beds be located at the site selected by the Committee to the South of in-patient ward of the Local Fund Dispensary at Saklespur;
2. that the out-house now used as stables be converted into quarters for the Lady Medical Officer by making suitable additions and alterations at a cost of about Rs. 1,000;
3. that the type design for the Maternity Ward and Kitchen at Koppa be adopted for the Maternity at Saklespur with suitable minor alterations such as the removal of the central wall, so as to accommodate six beds and the conversion of one bath into a larger room for septic cases;
4. that two rooms in the Local Fund Dispensary be placed at the disposal of the Lady Medical Officer for prescribing and examining purposes, as a temporary measure, for out-patients;
5. that two temporary buildings be put up at a cost of Rs. 250/- each, for providing quarters to two Ayas;
6. that as quarters have already been provided for the Midwife, the question of constructing new quarters need not be considered; and
7. further resolved that as the cost of the above proposals may not exceed Rs. 10,000, the Sub Committee is of opinion that half the cost may be met by the District Board and Saklespur Town Municipality in equal proportions, the remaining half being met by the Government."

3. At their meeting held on the 6th June 1921, the District Board considered the above proposals of the Sub Committee and resolved as follows:-

"The District Board are willing to pay Rs. 2,500 as recommended by the Committee. The Saklespur Municipality may be consulted as regards their share and then a request may be made to Government to contribute an amount equal to the contributions of both the Municipality and the District Board. Necessary recommendation may be made to the Senior Surgeon."

4. Copy of the above resolution was forwarded to the Municipal Council of Saklespur. That body have resolved on the 9th September

1921, that they are willing to contribute only one sixth of the proposed building.

The reply is in course of being sent to the Senior Surgeon in continuation of this office letter dated the 12th July 1921, forwarding to him copy of the resolution of the District Board, dated the 6th June 1921 noted above.

Nor is it possible to say definitely just now whether this sum can be spared during next year, since the Financial Secretary has remarked in another reference that it is not safe to commit Government by promising contributions for new works without knowing the financial condition and that the grant for P.W.D. for next year will be either the same as that of the current year, viz., Rs 28,00,000, or even less. Final Note by the Second Member of Council.

Subject:—

Postponement of the construction of a building for a Maternity at Saklespur.

When His Highness camped at Saklespur on the 16th September 1921 the townspeople represented that the need for a Maternity at that place was keenly felt and ~~about~~ the District Officers, who were consulted, were of opinion that the wards would be a great boon to the public in that Malnad area.

2. The subject was also mooted by the Representative Assembly Members in the year 1919.

3. The President, District Board, Hassan, in his letter No.107-20/L.F. dated the 23rd September 1921 intimated that the District Board were willing to contribute Rs.2,500/- for the construction of a suitable building for a Maternity at Saklespur and that the Saklespur Municipal Council had agreed to meet a share of the cost of the building up to Rs.1,700/-, besides being willing to meet their share of the initial cost of equipment and of the maintenance charges.

4. The cost of the Maternity building is estimated at Rs.10,000/-. The cost to be met from the State Fund is Rs.5,800/-. The Secretary, Public Works Department, was consulted in the matter of providing the amount from the P.W.D. Budget estimate for the current year. He is of opinion that it is not possible to provide the sum of Rs.5,800/- required towards the State Fund share from the current year's P.W.D. Budget. The work has, therefore, to be postponed for the present on account of the financial stringency, though there is not the least doubt that a Maternity at Saklespur would be a great blessing to that part of the Malnad.

5. I submit the papers for the gracious perusal of His Highness.

Sir,

I have the honor to state that during the recent visit of His Highness the Maharaja to Saklespur, the subject of the want of a Maternity at the place came prominently to his notice and His Highness seemed to desire the establishment of the Institution as early as possible for the benefit of the people of the Malnad. It happened, fortunately, that by that time, the necessary preliminaries for submission of a Report in the matter had been taken and I was able to give a note thereon to Mr. T. Thumboo Chetty, as desired.

2. The necessity for a Maternity having been fully recognised, the District Board have resolved to make a grant for the construction of a suitable building to the extent of Rs2,500/- besides being willing to meet their share of the initial cost of equipment and of the maintenance charges, in spite of the fact that their resources are meagre. The Saklespur Municipal Council whose income is small, have also agreed to bear a share of the cost of the building up to about Rs1,700/- and to meet their portion of the recurring cost of maintenance.

2. 5. That 2 temporary buildings be put up at a cost of Rs. 250/- each for providing quarters to two Ayas.

6. That as quarters have already been provided for the midwife the question of constructing new quarters need not be considered.

7. Further resolved that the cost of the above proposals may not exceed Rs. 10,000/-, that Sub-Committee is of opinion that the half cost may be met by the District Board and Saklespur Town Municipality in equal proportions, the remaining being met by the Government.

3. It is pleasing to report that, with the matter so fully developed at such an opportune moment as the exalted visit of our benign Ruler, the circumstances are propitious and immediate advantage may be taken to sanction the construction of a separate Maternity building at Saklespur, to commemorate the auspicious visit.

4. I therefore respectfully request that the Government may be pleased to accord administrative sanction, as early as possible, for the construction of an independent building for a Maternity at Saklespur, kindly accepting the quota of cost promised by the District Board and by the Municipal Council, as all that they could possibly contribute, considering the fact that the locality on whose behalf the institution is recommended, is one whose amelioration, the Government have always had nearest to their heart, for some years.
